INSTAGRAM CLONE

1. Login Page

A mobile app login screen for an Instagram clone. The screen features a black status bar at the top with the time 15:27, a location pin icon, and cellular, Wi-Fi, and battery status icons. The word "Login" is displayed in a large, bold, black font. Below it is the Instagram logo in its signature script. There are two rounded rectangular input fields: the first contains the email address "test123@gmail.com" and the second contains a masked password ".....". To the right of the password field is a blue link that says "Forgot password?". Below the input fields is a large blue button with the text "Log In" in white. Underneath the button is the word "OR" in a medium-sized black font. Below "OR" is a Facebook login option consisting of the Facebook "f" logo and the text "Continue as Dave John". At the bottom of the screen is a link that says "Don't have an account? Sign Up." in a medium-sized black font. The entire content is set against a light gray background. At the very bottom, there are three Android navigation icons: a square, a circle, and a triangle.
